225-219-3944

When the current administration took office earlier this year, the Criminal Investigation Division of DEQ was completely reorganized. As part of this reorganization, the elimination of illegal dumping was given the highest of priorities.

In the aftermath of Hurricane Gustav we want to eradicate illegal dumping, which became a common occurrence after both Katrina and Rita.

If YOU witness illegal dumping, call 225-219-3944.

Citizens of Louisiana deserve a future without scenes like this...
